

PENSIONERS' MEDICAL COVER NOTICE

Dear Members,

The Board of Trustees in its endeavor to provide a comfortable retirement to retirees proposed Enhanced NHIF Medical Cover for Pensioners last year a cover which has worked well for the period. The cover also enrolled a number of other corporate institutions for a while as its was considered a good reliable option. NHIF through their letter of 23rd January, 2020 to the Scheme has indicated unwillingness to renew the cover as guided by their parent ministry- National Treasury.

Due to this new development, the Board of Trustees started a search for medical cover options to replace the enhanced NHIF cover with various providers ensuring the same have a good allay of reliable options.

The Secretariat together with the Pensioners' Representative Trustee will be coming to cities/towns near you to educate you on these options in preparation to joining which meeting dates and venues will be duly communicated.

We affirm our commitment of offering great service to you, our senior most members.

A handwritten signature in blue ink, appearing to read "Josphat Muriuki", is written over a light blue circular stamp or watermark.

Josphat Muriuki

CEO & Trust Secretary
